Get Started with Flywire: 6 Easy Steps to Your First Transaction

1. Log In to Your Account
Access your account using your credentials to begin.

2. Review Your Transactions
Navigate to the "My Account" page to view an overview of your recent transactions.

3. Initiate Payment
Click the "Pay Now" option to proceed with your payment.

4. Access Transaction Details
Within the status column, you may select from the following actions:

- **Pallet Details:** Review manifests and dimensions associated with your purchase.
- **View Invoice:** Examine a detailed breakdown, including the last bid, buyer's premium, shipping fees, and applicable taxes.
  Note: Selecting a credit card (CC) as your payment method may result in additional surcharges according to your banking institution's policies.
- **Click Here to Pay:** This will direct you to the available payment options.

5. Select Your Payment Method
After clicking the payment link, you will be presented with invoice details and prompted to choose your preferred payment method. Please note: Previously stored credit card information will not be retained; you must re-enter your card number and billing address.

- Available payment options include:
  - **Credit & Debit Cards:** Save your card information for future use. New registrants must enter credit card details when placing their first bid from the auction page.
  - **Other Payment Methods:**
    - **Credit Card:** One-time charge; additional fees may apply as billed by your financial institution. Payment posts within 24 hours.
    - **PayPal:** No fee; payment posts within 24 hours.
    - **Wire Transfer:** No fee; payment posts within 24 hours if reference number is present.
    - **Debit Card/ACH:** No fee; payment posts within 4 business days.

6. Finalize Payment
Once you have selected your payment method, click "Pay Now" to complete your transaction.
